Such performance payments will be based on performance on immunisation outcome indicators. For any given year, the programmed payment and performance payment may total up to 150% of the country's year one annual amount (upfront investment).</p> <p><u>Performance payments for a given year will be made the following year, based on performance of the indicators listed and data verification.</u></p> <p><b>Gavi calculation of performance payments:</b></p> <p>Given that Country's DTP3 coverage was <b>below 90% at baseline</b>, which is defined as the year prior to the first year of HSS grant implementation, and based on WHO/UNICEF estimates, Country will be rewarded for improving coverage with:</p> <ul style="list-style-type: none"> <li>• \$30 per additional child immunised with DTP3, if DTP3 coverage increases and</li> <li>• \$30 per additional child immunised with first dose of measles containing vaccine, if measles coverage increases.</li> </ul>
