

Annex A: Gavi 2021–2025 Strategy Framework

Gavi, the Vaccine Alliance strategy 2021 - 2025

| Leaving no-one behind with immunisation | |
|--|---|
| Vision To save lives and protect people's health by increasing equitable and sustainable use of vaccines | Mission 2025 • Child mortality reduction tbd • Lives saved tbd • Future DALYs averted tbd • Equity indicator tbd • People (male & female) vaccinated with Gavi support across the life course tbd • People (male & female) vaccinated with Gavi support against outbreak-prone diseases tbd • Economic benefits unlocked tbd |
| Principles <ul style="list-style-type: none"> • Missed communities, first priority: Prioritise children missing out on vaccination including among migrants, displaced and other vulnerable populations • Gender focused: Identify and address gender-related barriers to promote immunisation equity • Country-led, sustainable: Bolster country leadership to sustainably deliver and finance immunisation • Community owned: Ensure community trust and confidence in vaccines by engaging communities in planning, implementation and oversight of immunisation • Differentiated: Target and tailor support to national and subnational needs including fragile contexts | <ul style="list-style-type: none"> • Integrated: Strengthen immunisation as a foundation for integrated primary health care to reach unserved communities in support of universal health coverage • Adaptive, resilient: Help countries leverage immunisation to address the challenges of climate change, Global Health Security, antimicrobial resistance and other major global issues • Innovative: Identify and leverage innovative products, practices and services to reach everyone with immunisation • Collaborative, accountable: Collaborate across stakeholders to achieve the SDGs in a transparent, coordinated and accountable manner. |
| Goals <ol style="list-style-type: none"> 1 INTRODUCE AND SCALE UP VACCINES 2 STRENGTHEN HEALTH SYSTEMS TO INCREASE EQUITY IN IMMUNISATION 3 IMPROVE SUSTAINABILITY OF IMMUNISATION PROGRAMMES 4 ENSURE HEALTHY MARKETS FOR VACCINES AND RELATED PRODUCTS | |
| Objectives <ul style="list-style-type: none"> A Strengthen countries' prioritisation of vaccines appropriate to their context B Support countries to introduce and scale up coverage of vaccines for prevention of endemic and epidemic diseases C Enhance outbreak response through availability and strategic allocation of vaccine stockpiles A Help countries extend immunisation services to regularly reach under-immunised and zero-dose children to build a stronger primary health care platform B Support countries to ensure immunisation services are well-managed, sustainable, harness innovation and meet the needs of all care givers C Work with countries and communities to build resilient demand, and to identify and address gender-related barriers to immunisation A Strengthen national and subnational political and social commitment to immunisation B Promote domestic public resources for immunisation and primary health care to improve allocative efficiency C Prepare and engage self-financing countries to maintain or increase performance A Ensure sustainable, healthy market dynamics for vaccines and immunisation-related products at affordable prices B Incentivise innovation for the development of suitable vaccines C Scale up innovative immunisation-related products | |
| Enablers <ul style="list-style-type: none"> • Secure long-term predictable funding for Gavi programmes • Ensure global political commitment for immunisation, prevention and primary health care • Use evidence, evaluations and improved data for policies, programmes and accountability • Leverage the private sector, including through innovative finance mechanisms and partnerships | |
