- 3. Constituency processes for Board nominations
- 3.1 During its meeting on 18 September 2015 the Board approved the appointment of Ngozi Okonjo-lweala as an **Unaffiliated Board member**

effective 1 January 2016 to 31 December 2018 in the seat currently held by Dagfinn Høybråten. The terms of Mr Wayne Berson and Dr Richard Sezibera come to an end on 31 December 2015. Mr Berson is not eligible for reappointment. Dr Sezibera has indicated his willingness to serve a further term on the Board.

- In line with normal practice, a recruitment subcommittee of the Governance Committee recently reviewed a role specification and timelines for the selection and appointment process of Unaffiliated Board Members. Based on this specification, the recruitment subcommittee reviewed a list of potential candidates, agreed on a short-list and is finalising interviews, with the aim, primarily, of filling the seat to be vacated by Mr Berson. It is hoped that it will be possible to share the name and biography of the candidate with the Governace Committee in advance of its meeting on 1 December. Should this not be possible the information will be shared during the meeting. The work of the subcommittee will continue to identify candidates for the Unaffiliated Board seats to be vacated during 2016 and 2017.
- 3.3 Nominations from the **developing country governments** were submitted following consultative processes within each of the relevant groups. These processes were coordinated by incumbent Board members, primarily by email, and in some cases, finalised during discussions of constituency representatives at Gavi side-events organised within the margins of relevant WHO Regional Committee meetings. The Governance Committee will note that two nominations were received from the EURO region for the Alternate Board seat for that region. The constituency has been informed that the Governance Committee will consider the nominations and make a recommendation to the Board.
- 3.4 Nominations from **donor country governments** were also submitted following consultative processes within each of the relevant groups. When submitting their nominations the group of countries comprising France/Luxembourg/European Commission/Germany indicated that the European Commission would hold their Board seat for 2017 and that France would then hold the Alternate Board seat.
- 3.5 The Board member representing the **research and technical health institutes** coordinated a consultative process within his constituency. When submitting nominations he indicated that, in order to ensure continuity in representation on the Board, the candidates being nominated as Alternate Board member would be nominated to take the Board seat after a two year period.
