

Annex A: Transition Analysis – Countries Transitioning 2016-2025

Transition year (last year of support)	Country	Birth Cohort (TSD)	DTP3 Coverage	Coverage Trend	Equity	Vaccines Introduced	Inst Capacity	Vaccine Financing
	2015 – 2020	Armenia	38	Green		Green	Green	Green
Honduras		169	Green		Green	Green	Green	Green
Uzbekistan		651	Green		Green	Green	Green	Green
Nicaragua		119	Green		Green	Amber	Green	Green
Moldova		41	Amber		Green	Green	Green	Green
Georgia		52	Green		Amber	Green	Green	Green
Guyana		15	Green		Green	Green	Red	Green
Bolivia		255	Green		Red	Green	Green	Green
Bhutan		13	Green		Green	Red	Green	Green
Viet Nam		1,560	Green		Green	Red	Green	Green
Sri Lanka		314	Green		Green	Red	Green	Green
Mongolia		67	Green		Green	Red	Green	Green
Azerbaijan		183	Green		Green	Red	NA	Green
Cuba		111	Green		Green	Red	NA	NA
Kiribati		3	Amber		NA	Red	Green	Green
Timor-Leste		44	Amber		Green	Red	Red	Green
Indonesia		4,947	Red		Red	Red	NA	Green
Angola		1,177	Red		Red	Amber	Red	Amber
Congo Republic		171	Amber		Red	Amber	Red	Red
Papua New Guinea		219	Red		Red	Red	Red	Green
Ukraine	203	Red		Red	Red	NA	NA	
2021-2025	Sao Tome	6	Green		Green	Green	Green	Green
	Cote d'Ivoire	867	Amber		Green	Green	Red	Red
	Sudan	1,348	Green		Amber	Green	Red	Green
	India	25,7333	Amber		Red	Amber	Green	Green
	Solomon Islands	17	Green		Amber	Green	Red	Green
	Lao PDR	179	Amber		Red	Green	Green	Amber
	Nigeria	7,322	Red		Red	Amber	Red	Red

Note: **DTP3 coverage**: green: >90%, amber: >80-90%, red: <=80%. **Coverage trend** over the past 3 years. Increasing coverage: >2pp. No change: -2pp to 2pp. Decreasing coverage: <-2pp; **Geographic equity**: green = >90% of districts have >80% DTP 3 coverage; amber: >80-90% of districts >80%; red: <=80% of districts >80%; **Vaccines introduced**: green if 4 core vaccines introduced (Penta, PCV, Rota, HPV), amber if 3, red if 2 or 1; **institutional capacity**: World Bank CPIA Index data for "Quality Public Administration" and "Building HR"; green: avg. score >3 and none <2.8; amber: avg <=3 and none <2.8; red: one < 2.8 (2.8 is consistent with World Bank threshold) **Vaccine financing**: green: if vaccine spend as share of Government Expenditure (GE) <0.1% and as share of Government Health Expenditure (GHE) <1%; amber: if share of GHE >=0.1% or share of GE >=1% Red: If GE and GHE above threshold; n/a: reference data source not available; Timor-Leste: coverage data likely artificially low; **Source**: WUENIC 2016, survey, WHO repository, UNICEF, World Bank, Gavi strategic demand forecast
