

EBOLA UPDATE

BOARD MEETING

Stefano Malvoti

2-3 December 2015, Geneva

Current epidemics at the end but risks remain for the future

28,599 cases - 11,299 deaths (> 510 deaths in health workers)

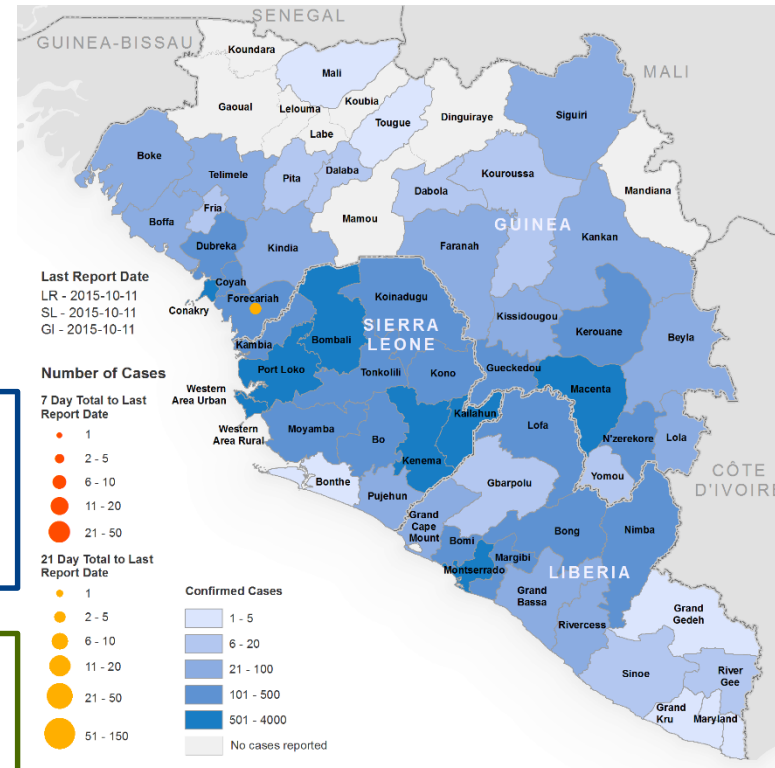

Sierra Leone: Ebola-free since November 7th

Guinea: last case October 29th. All contacts completed 21-days follow-up period.

Liberia: 3 new cases recently emerged

Short-term: measures to enable a sustained end to current epidemic avoid reintroduction or re-emergence of Ebola virus

Mid-term: risk of new outbreaks from contacts not properly traced or if virus reintroduced from **animal reservoirs** or through contact with **asymptomatic carriers**

Gavi has progresses across the 4 areas of work approved by the Board

Restoration of EPI services:

- Catch-up vaccination campaigns
- Strengthening national efforts on routine immunisation
- Mitigation of loss of confidence in health care systems
- Supply Chain upgrades and restoration (Guinea and Liberia)
- Co-financing waivers for 2014-15

Recovery of health systems

- Fast-track reprogramming of existing HSS grants
- Doubling of HSS ceilings
- Approval and disbursement tailored to meet needs and absorption capacity

Availability of EVD vaccine

- Working with manufacturers to ensure availability of vaccine in case of new outbreak and stockpile

Deployment of EVD Vaccine

- WHO's Global Ebola Vaccine Implementation Team preparation of deployment plans for registered vaccine

Gavi support helped addressing immediate gaps and preventing other outbreaks

Coverage (Jan-June 2014-2015):
85-60% DTP3 and 89-63% MCV1

1,802 Measles cases in Sept-Oct '15
1 case of poliomyelitis (Kanakan)

QI-QII 15: Measles ORIs (6m-10y)
in several districts

Aug 15: MenA mass campaign

Nov 15: National Measles SIA (9-59m)

TOTAL BUDGET (US\$): 6.1M

Coverage (Jan-June 2014-2015):
100-51% DTP3 and 95-49% MCV1

No outbreaks in Sep-Oct '15

Dec 14-Jan 15: 1st and 2nd round of PIRI

QI 15: National Measles SIA

May-June 15: Polio SIA & Measles (9-59m) campaign

July 15: Polio SIA

Oct 15: 3rd round Polio SIA

TOTAL BUDGET (US\$): 2.4M

Coverage (Jan-June 2014-2015):
81-46% DTP3 and 69-51% MCV1

63 suspected measles cases in Sept-Oct '15 in 6 different counties

Dec 14: 1st first round of PIRI

Feb 15: 2nd round of PIRI

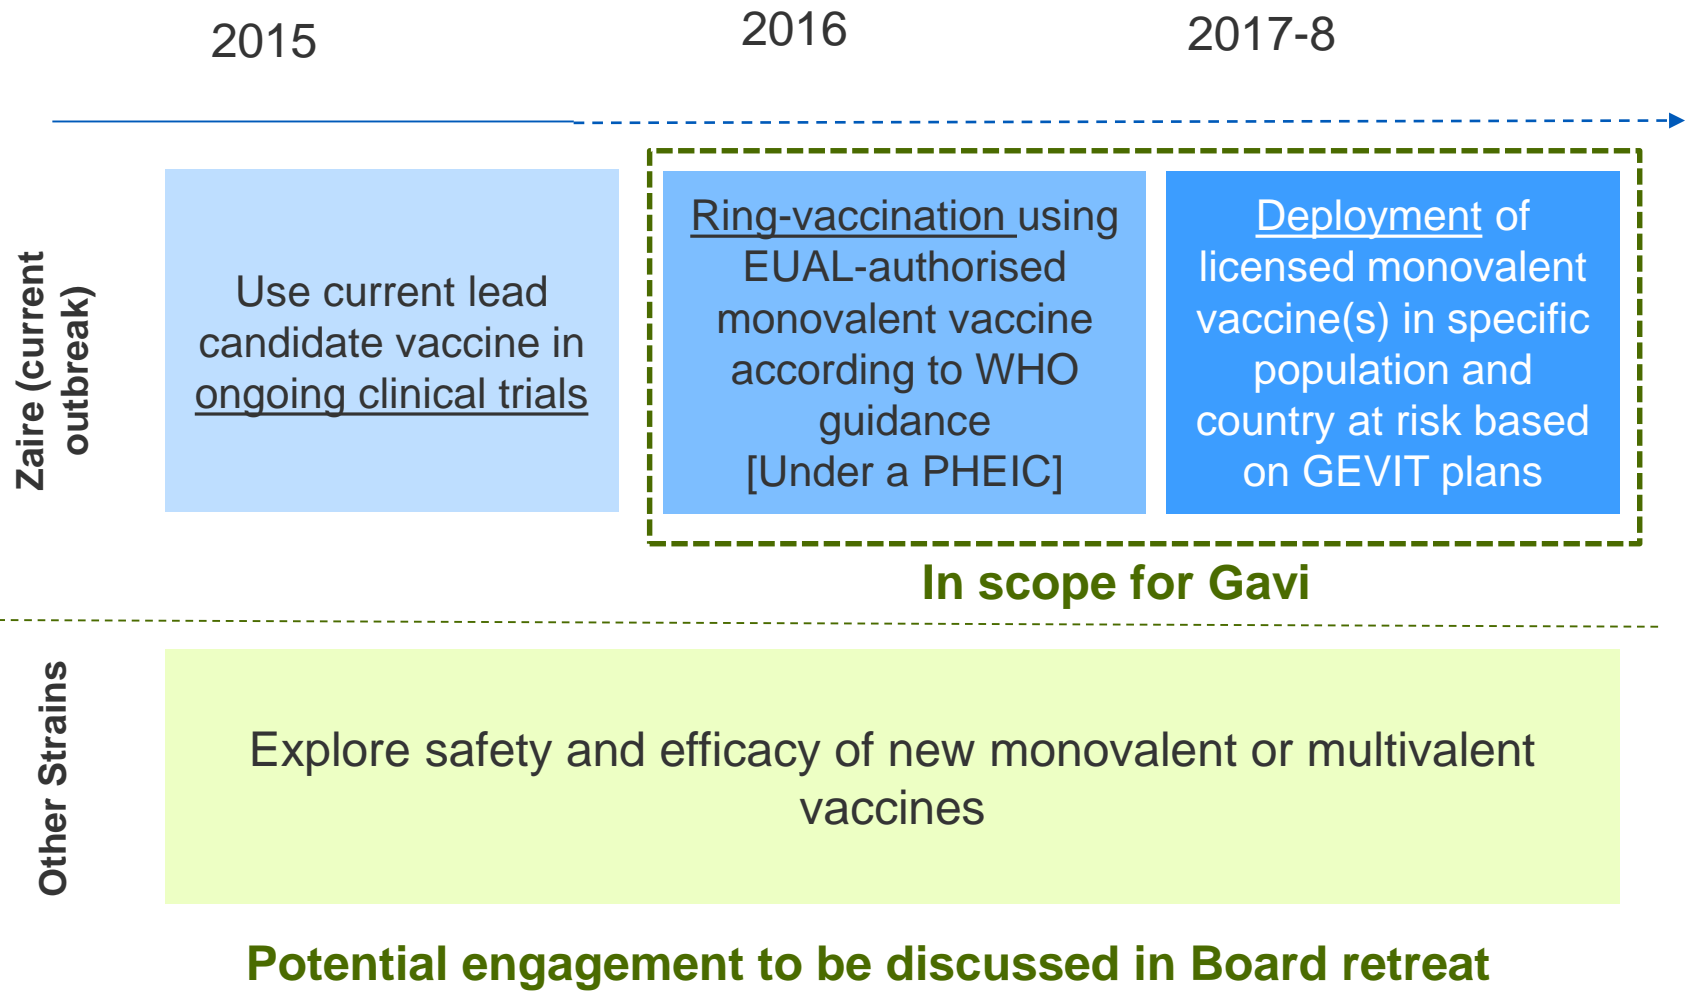

May-June 15: Polio SIA and Measles ORI 9-59m

July 15: 2nd round Polio SIA

Oct 15: 3rd round Polio SIA

TOTAL BUDGET (US\$): 4.1M

Gavi's role in Ebola response focused on deployment of licensed vaccines

Lessons learnt open discussion on future outbreak preparedness and response
